\$176,000 GRAFT PAID COUNCIL

Other Arrests Promised in Pittsburg Cases

RESULT OF TESTIMONY CURE STOMACH TROUBLE

To Let Case Rest During Holidays—Reform League Says It Has Been Promised All the Financial Support It Needs.

Pittsburg, Pa., Dec. 26.—That at least \$176,000 was paid councilmen for the selection of certain banks as depositories for the city's funds has been almost established through evidence submitted and statements furnished by the voters' league and the Scranton detectives employed by the league to give Pittsburg a municipal house-cleaning. Whether all of the banks selected as depositories contributed to this fund has not been established. Officials of but one bank have so far been arrested, and they are charged with the payment of only \$17,500 of the alleged bribery fund. That other bankers are to be arrested is almost positively stated by those back of the investigation.

Mayor Guthrie, who refused to make contracts with the banks, as authorized by council, on the ground that they were illegal, said last night that the selection of the depositories is void because secured by bribery and fraud, and that council can see them aside without the formality of court proceedings. The period for which the depositories were selected will expire early in February.

That other arrests are to be made is practically admitted by all concerned in the case, but the present intention is to let the matter rest until after Christmas. Detectives are still at work, however, and if developments make it necessary officers will close in upon the suspects before the time now fixed by the league. The voters' league has been assured of all the financial backing needed, it was stated by Vice-President H. B. English, last night.

The league depends wholly upon voluntary contributions, but Mr. English said any sum up to \$500,000 can be obtained any time it is needed without effort, profits having been made by leading wealthy men of the city.

Nothing will remain undigested or sour on your stomach if you will take Diapiesin after your meal. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

But what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, belching, gas on stomach, heartburn, headaches from stomach, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries.

If you will get from your pharmacist a 50 cent case of Diapiesin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or sleepless nights or headache or stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapiesin can be obtained from your druggist and contains more than enough triangles to thoroughly cure the worst dyspeptic. There is nothing better for gas on the stomach or sour odors from the stomach or to cure a stomach headache.

You couldn't keep a handier or more useful article in the house.

WHISKEY CAUSES QUARREL.

John A. McGilvray in Littleton Hospital With Stab Wound in Side.

Littleton, N. H., Dec. 26.—John A. McGilvray, a woodchopper, is lying in the Littleton hospital, in a serious condition, as the result of a wound inflicted by Frank McDonald, another woodchopper, with a dirk knife.

The two men got into a quarrel at the Franconia house in Franconia over a bottle of whiskey and both are alleged to have been under the influence of liquor at the time of the stabbing. McGilvray, it seems, had a quart of whiskey and the two men disposed of half of it. The other half McGilvray laid away for safe keeping and the other man demanded that it be produced.

McGilvray refused and McDonald left the hotel. McGilvray followed and at a short distance from the house blows were exchanged, McGilvray being laid out with a severe stab in his side.

McGilvray says that he did not see any knife, but Ray Quimby, son of the proprietor, witnessed most of the struggle, and says he saw the knife. He claims that McDonald tried to stab McGilvray near the heart, but that the latter warded off the blow. McDonald, he says, first struck McGilvray over the head with a lantern and the knife thrust followed.

The injured man was helped to the hotel by Ray Quimby and was later hurried to the hospital. It did not appear that the wound would be serious at the time, but an internal hemorrhage developed and an ante-mortem statement was taken by Attorney Fletcher Hale, which will be used if it becomes necessary.

McGilvray, in the statement, charges McDonald with having inflicted the injury. McDonald has been arrested and is held under \$500 bonds pending McGilvray's injuries.

This means that if you have two or more telephones on your premises arrangements can be made to use each telephone without interference by the others. For example: A firm wishes to have its manager, general office, sales department, superintendent and shipping department connected by telephone. Obviously to put all on one line would mean delay and inconvenience. By installing an intercommunicating system any two stations can be in communication while the fifth is talking to one of the exchange subscribers; that is, with five stations three distinct conversations are possible.

Barton Youngster Went to Rescue of His Little Brother.

Barton Landing, Dec. 26.—Bert Blay, aged 9, son of Joseph Blay, was drowned while skating on the river here on Wednesday afternoon. He and his brother, aged 7, were near the place where the steam exhaust from the Chandler mill enters the river and the younger boy broke through the ice.

Bert went to his assistance and he broke through, falling headlong and being drawn underneath by the current. J. Hennessey heard their cries and pushed out a board to the younger boy, who had managed to keep his head above water. The body of the older boy was recovered some hours later at a point about 30 feet below.
